I recommend one of the books that can promote shifting from negative thinking to lofty thoughts – **Haiku Poems About I Am**, even if the reader doesn't fully understand the concepts expressed

A proverb (from Latin: *proverbium*) is a simple, concrete, and traditional saying popularly known and revered, that expresses a perceived **truth** based on common sense or the practical experience of humanity. Proverbs are often metaphorical and use formulaic language.

1. Altruism is the mark of a superior being (Egypt)
2. Perish yourself but save your friend
3. Always receive only to give
4. The pain of others is our pain too
5. Where there is altruism, there is wisdom
6. Better to lose an eye than a good name
7. No matter how wise you are, you can't be too smart about your conscience

in these beautiful haiku. Still, their unconscious mind does. The healing process is greatly aided by the elevated mind. The link to this book on Amazon is: [Haiku Poems About I Am](#)
