I recommend one of the books that can promote shifting from negative thinking to lofty thoughts – **Haiku Poems About I Am**, even if the reader doesn't fully understand the concepts expressed

## What is the source of the feeling of “awe” or “being awestruck”?

The source of “awe” is the Upper Light, eternal and perfect, coming from the Creator. But we cannot perceive it directly. Thus, we can only recognize it within the objects (physical or spiritual) we are attracted to, because the Upper Light is **dressed** in them. That way, we can receive the Light (by the feeling of “awe” or “being awestruck”) and enjoy it. The Upper Light is the best medicine for mental disorders. That Light can be given only when your **attributes** are the same as the One who gives the Light.

God, Creator, Lord... Each upper degree is called “Creator” when relating to the degree below it, because the upper degree creates, controls, and develops the lower degree.

The Creator is a collective, special Force that monitors the whole system of creation. That Force is one and unique. The primary law of creation is the singularity of the Creator – the one and only power that controls everything.

**Everything is created by God. But what, for example, was God’s purpose in creating the Sherlock Holmes novels and stories, using Arthur Conan Doyle as His tool?**

The natural observation of details – getting closer to the content – is a step forward in awakening to reality, to achieving consciousness. Do not forget that all of us live our whole lives in a sort of half-awake sleep-dream state, not having the clarity of discernment and lucidity concerning reality.
